

Endurant™ Automated Transmission vs. Freightliner DT-12 AMT

Lowest Total Cost of Ownership

- **Weight:** 132 lbs. less versus 1900 ft.-lb. model
- **Lube interval:** 350,000 miles longer service interval
- **Lube quantity:** About half as much lubricant required

- **Cooler-less design** and internal sensors/wiring
- In-cab low oil alert with **lube sensing burnup protection**
- **8-bolt PTO comes standard** for residual value (saves over \$2000)

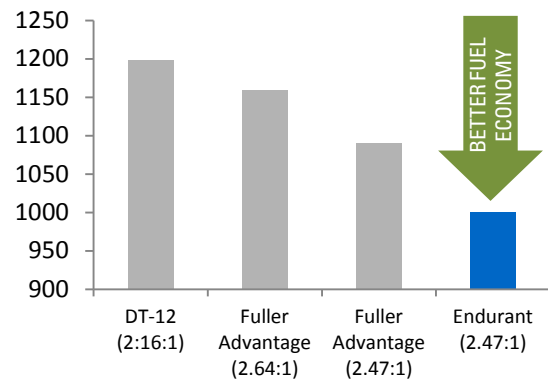

Best in Class Shifting

- **Integrated engine and transmission communication** improves efficiency and performance
- **Smooth and intuitive shift strategies** for an enhanced driver experience
- **Better overall ratio coverage**

Driver Safety and Coaching

- **Hill Start Aid, Urge to Move, Creep**
- **Prognostics** come standard

Cruise RPM at 65 MPH
